OUR BUILDINGS

Several improvements have been made in our school this year. The improvement for which Oviedo High School is the proudest is in our library. It was receiled with celotex and repainted a pale green. Four beautiful oak tables with six matching chairs each, replaced the old jack knife carved home made ones. The books were all renovated and reaccessioned according to the Dewey decimal system. A daily newspaper was added to our usual quota of current magazines. A teacher-librarian is in charge every period of the day except the first, so that all materials are very accessible. Each high school student has one study period daily in the library, which he may use for reading or study as he may choose.

We also have new lights in our gymnasium as well as a beautiful electric scoreboard. In the hall we have a new showcase to display our athletic trophies. We also have two new bulletin boards.

CLASS HISTORY

The class of 49-50, the brainiest class ever to enter and leave Oviedo High School, began its education September 5, 1938, with Miss Marguerite Parsons as our guide, on the upward march to fame. The following twenty-two members were enrolled: Erwin Abell, Jimmie Burkette, Edward Duda, Ferdinand Jakubcin, Berry Perritte, Junior Smith, Charles Thomas, John Halagerty, Marvin Bryant, Geneva Bailey, Billie Chance, Audrey Cox, La June Estes, Betty George, Barbara Glassmire, Mildred Lukas, Charlotte Smith, Peggy Stansell, Joyce Waters, Joan Tingly, Liller Mae Green, and Permelia Brown.

By September 11, 1939, our second year, we had lost seven members, and gained two, J. C. Green and Duane Conrad. Miss Aldred Cone was our teacher.

The third year with Miss Cone still our teacher, on September 9, 1940, we found that we had lost four pupils, and gained the following: Betty Owen, Gail Sullivan, Dorothy Knight, Walter Bailey, and Donald Mikler.

We began our fourth year with Miss Mary Alice Williams as our teacher, on September 14, 1941. We had lost only two members, but we had gained Maynard Allen, Homer Perritte, Bob Ward, Charles Malcolm, and Hazel Perritte.

On September 7, 1942, with Mrs. Frances Stine as our teacher, we began our fifth year, having lost six members, with the gain of only one, Frank Gore.

Our enrollment in our sixth year, was the largest we had throughout our course in school. We began on September 6, 1943, with Miss Margaret Harper as our teacher. We had an enrollment of twenty-eight, having lost only one with the gain of fourteen pupils. They were as follows: Eugene Ellis, David Hickson, Edward Kasell, Dick Parker, M. D. Long, Swen Norrekjar, Violet Best, Betty Malcolm, Sadie McConaha, Ruth McMahan, Jeanettee McMahan, Dorothy Priest, Murline Huggins, and Virginia Long.

We entered the seventh grade on September 11, 1944, with Miss Lois Ruddell as our home-room teacher. We thought we were really something, being in Jr. Hi. School. We had lost seven members, but had gained two, Harold Sheldon, and Harvey Gray.

In the eighth grade, we again had Miss Ruddell as our home-room teacher. We began on September 10, 1945. We had lost seven members, and gained five. They were Bobby Gordon, James Gilmore, Patsy Hill, Hortense Mitchell, and Sadie Mitchell. This was a very important year to us, because we graduated into High School. We thought we were really it.

In the nineth grade, Mrs. Martha Staley was our home-room teacher. We began on September 9, 1946. We had lost four members with the gain of only one, Toby Bryant.

Mrs. Thompson was our home-room teacher in the tenth grade. We began on September 8, 1947. We had lost three pupils, and gained only one, Charles Dishman.

In the eleventh grade Miss Ruth Largent was our home-room teacher. We began on September 7, 1948. We lost two pupils, and gained only one, Ellen Wright, who didn't complete the year.

The year 49-50 marks the climatic year in the history of our class. We lost four students, but the remainder of us are marching on under Coach Mikler's guidance and expect to receive our diplomas on June__, 1950.

A University student who had come under the spell of Modern education, came to the exam question, "What causes a depression?"

He wrote, "God knows! I don't! Merry Christmas!"

When the exam paper came back, he found the professor's notation, "God gets 100. You get zero. Happy New Year".

Mrs. Anderson: "Give me a sentence containing a direct object."
Ferdinand: "Teacher you're beautiful."
Mrs. Anderson: "What's the object?"
Ferdinand: "A good report card."

CLASS POEM

This class of '50, eleven on the roll,
Should have no trouble in attaining their goal.

Eugene Ellis, our president, is everyone's friend;
A helping hand to all he is willing to lend.

Billie Chance, a gay young girl is she,
Always mindful of her duty, you all will agree.

Another of our boys, Bob Ward by name,
How secure he feels as he walks to fame.

Mildred Lukas, lively and full of fun,
Is always ready when there's work to be done.

Edward Duda, in his work an excellent hand,
Is also a carefree and friendly young man.

Audrey Cox, captain of the basketball team,
Does equally well in her studies, it seems.

Charles Dishman, always ready to work,
His lessons and duties he never will shirk.

Another of our girls, Charlotte Smith is her name,
To progress in life is her greatest aim.

Erwin Abell, the industrious and athletic kind,
Is always alert in body and mind.

Then there's Dick Parker, whose record you can scan,
And we're sure you will find a most promising young man.

Last and also least (in size) is Frankie Gore,
And you can bet that he'll always make the score.

When we leave our class rooms of O. H. S.
We will be a long way on the road to success.

CLASS PROPHECY

It is June 7, 1960, exactly ten years since the outstanding class of '50 was graduated. Mr. Paul Mikler, who is now Head Coach at the Florida College for Barbers, has called a class reunion.

Edward Duda, now president of the A. Duda & Sons Corporation, and Dick Parker, wealthy citrus grower of Florida, Texas, and California, are nearing the old school building which they attended ten years ago. As they pull up in front of their Alma Mater they hear music such as they have never heard before. Upon entering they find Eugene Ellis and his World Famous Band playing in the auditorium.

Next to arrive at the meeting is the eminent dentist, Frank Gore, who introduced the regrowth of teeth. This extraordinary discovery, which has eliminated the use of false teeth, has made Frank exceedingly wealthy. This we can tell by the Cadillac he drives.

The first of the lovely women to arrive is the former Miss Charlotte Smith, who is married to a senator from Kentucky. She is now enjoying life on her stock farm near Lexington, deep in the blue grass country, where she has a stable of thoroughbreds. The famous Sea Cornbread, which has just broken all speed records in the Kentucky Derby, belongs to her Dixiana farm.

Upon his arrival we are all happy to learn that Cuestick Ward has been successful in the pool hall business and at the present time is the owner of a large chain of pool halls over the country, including Leo's Pool Hall from which he started.

Shortly after Bob's advent we hear a pop and a bang and we all rush to the window to see Billie Chance driving down the road in one of her husband's cars. She is married to a car salesman who goes by the name of, "The Smiling Bulgarian." Billie tells us that she stays busy with her eight children and is living a happy, normal life.

In all the excitement we fail to see the entrance of the dignitary in our midst. We turn and see the famous pharmacist Erwin Abell, who was at one time our drug store cowboy. Erwin is the new president of the Rexall Drug Stores.

As we are talking over our old school days Mildred Lukas arrives. Mildred tells us she is now working with a world famous photographer in New York.

Now arriving is Charles Dishman. He is driving the automobile in which he won the Indianapolis Speedway race. Although his twenty-nine Hupmobile does not look too good, it was the fastest thing there. Charles has been in the hospital for the past year as the result of his last race, but he appears to be better than ever today with the steel plate in his head.

We start counting heads and find that someone is absent. It could be none other Audrey, late as usual. Audrey is a career woman making her way in life as a fashion model in California.

After talking over old times for awhile and finding that everyone of the class has been very successful in life, we spent the remainder of a most enjoyable evening listening to Eugene and his band.

The Junior Class is well represented on both girls' and boys' basketball teams. All the girls are in the Glee Club, and the boys are all on the baseball team. Three of the girls are cheer leaders, with Nina as head cheer leader. Our class also boasts Dorothy Malcolm, songbird and best actress of the year, and Bettye Aulin, who is always on the honor roll. The Junior one-act play wasn't on top this year but we expect our Junior play to be the best yet.

BOYS' BASKETBALL

Early in the season our chances for having a winning team were very dim. After our first game with Seville the chances were even dimmer. After much hard work, determination, and the amazing play of some of our reserves, we developed into a winning basketball team. When we were right in the toughest part of our schedule, three of our first string players were sidelined by sickness, but because of the brilliant playing of two of our reserves, Jim Wheaton and Theodore Glassmire, we were able to come through with victories. Most of our team is back ready to play except one, Charlie McCulley, who is still plagued by a leg injury sustained right at the first of the season, but we expect him to be ready for the tournaments.

Our team hit it's peak when we defeated Tavares, the Fifth-district champions, in a very exciting game that ended twenty-nine to thirty. This was the first time an Oviedo team had ever defeated a Tavares team. We were runner-ups to them in the district tournament last year. Besides that game, we have won eight out of ten games. At this writing, we have seven games remaining on our schedule, and we hope to win them all.

The nucleus of our team is as follows: Edward Duda (Captain), Bob Ward (Co-Captain), Dick Parker, Erwin Abell, Jim Wheaton, Theodore Glassmire, Charlie McCulley, and Frank Gore. We were also aided by such substitutes as Larry French, Donald Hardy, and Norman Fore.

GIRLS' BASKETBALL

This yeat our girls' basketball team is perhaps the smallest both in size and number, we have ever had. However, we have made up for this in having unusually good team spirit and sportsmanship. Billie Chance is the high point girl, followed by Bettye Aulin, the Co-Captain. Audrey Cox is the Captain with Ruth Largent as the Coach.

The girls to receive gold basketballs this year are Billie Chance and Audrey Cox.

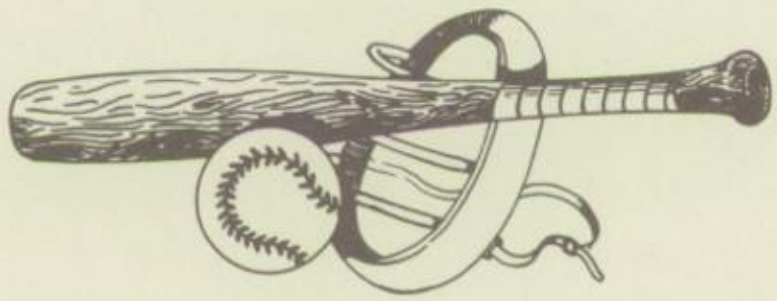
BASEBALL TEAM



CHEER LEADERS

BASEBALL

Although we have very few boys this year, we hope to have one of the best baseball teams in the conference. We have played no games as yet, but we will start practice around the first of March. Most of the boys who will be regulars have had two years of experience.

Last year our team won nine out of twelve games and went to the semi-finals in the district tournament. We had two men who were placed on the all-conference team. We thought that the team record was very good for a team as small in number as ours was. We expect to do even better this year even though we are fewer in number.

Our team will be made up of the following: Bob Ward (Captain), Ed Duda, Erwin Abell, Dick Parker, Frank Gore, Donald Hardy, Ferdinand Jakubcin, Charlie McCulley, Theodore Glassmire, Larry French, Jim Wheaton, Walter Duda, Ivan Jakubcin, Donnie Kasell and Billy Meek.

S'POSE YOU MISS THE GOAL

S'pose you don't make the first team
What are you going to do?
Reproach the coach, turn in your suit
And vow your playin's thru?
You bet you're not; you're goin' to play.
A sub you'll practice and wait
Until the time comes up some day
When a regular berth you'll rate.
S'pose you miss the goal at first
What are you goin' to do?
Sulk and give up and kick yourself
And growl and fret and stew?
You bet you're not; you'll grit your teeth,
An' shoot and shoot again;
Until you make that winning goal,
For grit is sure to win.
